Terrybear

Terrybear Urns® designs beautiful and affordable urns that funeral industry professionals and families have come to know and appreciate. Each urn is individually handled; there is no mass production, meaning each urn is unique.

Terrybear brass urns are crafted by hand using a sandcasting process that is hundreds of years old. Depending on the design, an urn may go through as many as seven processes before inspection and packaging.

Each cloisonné urn, made with copper and enamel is also crafted by hand using a comprehensive and sophisticated process. For the full cloisonné range see pages 5-6.

All Terrybear designs are ©1994-2018 Terrybear, Inc. Memory of a Lifetime and Terrybear are registered trademarks of Terrybear, Inc. Heart Keepsakes are patent protected.

Cloisonné (copper/enamel)

Each urn is crafted by hand using a comprehensive and sophisticated process involving hammering of copper pieces to form the shapes. A large cloisonné urn can take up to 30 hours to complete.

Copper filigree is used to form delicate floral patterns and enamel is used to fill and develop rich shades of colour.

Cloisonné urns are gilded in gold to add elegance, and several high temperature heat processes are involved in creating these beautiful cremation urns.

Living Tributes

Made in
Australia

Biodegradable

Sizes vary by design. Approx. 5.0x5.0x0.5cm thick

(90% strike rate)

Living Tributes are a special gift with an earthy touch, that can be gifted at the service, as well as after the service to those who could not attend, creating a living tribute to your loved one.

Handmade in Australia from recycled materials, they are inlaid with locally sourced flower petals and native Australian Everlasting flower seeds which grow when planted. As these items are individually handmade, variation in colour and shape will occur. Included with each Living Tribute is an instruction card (image below). Organza bags are also available for purchase.

Cut flowers can also be dried for an even longer lasting tribute. Dry flowers and preserve colours by hanging in bunches upside down in a brown paper bag in a dark place until dry.

Beautiful "Everlastings" also known as "Paper Daisies" will grow in mixed shades of Salmon/Pink/White

A Living Tribute

Handmade from biodegradable and recycled materials and embedded with seeds, this paper heart will grow flowers as your own living tribute.

Simply plant it in a pot, or directly in a warm garden, covered with 0.5cm of fine soil.

Water lightly every day until the seeds germinate in approximately 5-10 days, then when needed. Flowers in 3-4 months. The paper will recycle into the soil as the seeds burst into flowers.

CUDDLE STONES

by Ber van Reden
(clay)

approx 6cm wide - will hold a small amount of cremains

Every farewell is the birth of a memory, which can be recalled by something tangible, personal and that can be kept close by.

Each piece is modelled by hand to fit perfectly in your palm. They are highly durable and easy to carry with you, which gives you the possibility to have your loved one accompany you whenever and wherever you would like.

The Weather Symbol indicates an urn is suitable for outside use. See below for more information.

BY BER VAN REDEN (clay)

An elegant collection of ceramic urns, each piece is hand-crafted by skilled Dutch artist Ber van Reden. The crystals in the metallic coating form a unique pattern on each urn. The high-quality clay and intensive firing process ensure that, as long as these are cleaned regularly, they are **suitable to be placed outdoors or in a columbarium**.

There is a Chinese saying:
"Gold has a price.
Jun Yao is priceless."

These porcelain urns are
made by using the ancient
and famous Chinese Jun
Yao production method
from the Song Dynasty
(960 - 1279 AD), a time
when it was declared a
"Royal Treasure".

These urns were designed
to be touched. Caressing
the irregular rims and
bumps on the surface will

modUrn

Available from August 2018 (Small urns available late December)

Proudly created, designed and manufactured in Australia, the modUrn collection is a contemporary and thoughtful way to honour a life. Together with innovative design and technology, families can store and share a loved one's life story, today and for future generations.

Visit vimeo.com/267947344 for a demonstration video.

After purchasing either a modUrn or a Memento TECH you can add stories, images and videos to a private account. (A variety of devices can be used). Choose other friends and family to be contributors.

View and share as much or as little as you wish with whoever you choose.

The Urns and Mementos also act as beacons that can alert your device to a nearby loved one.

actual size

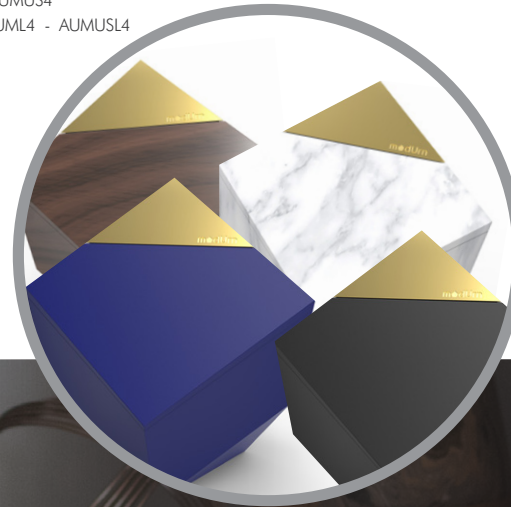

The small and stylish Memento is available in two varieties - the "TECH" and the "Keepsake".

The "TECH" does not hold cremains but gives access to the app and all its features. It is the perfect choice for anyone not needing an urn, or wanting to complement an urn chosen from another range, or even an urn already in the home.

The "Keepsake" is designed to hold cremains, but does not include any of the technology linking to the app. It is perfect for family members who want a small keepsake and also want to join in as contributors (or sharers) to someone's life story without needing the technology to start their own.

Medium: 19cm (high) Small: 13.3cm (high)

Please Note: Each colour is available in Small and Medium size, with a standard or gold "LUX top"

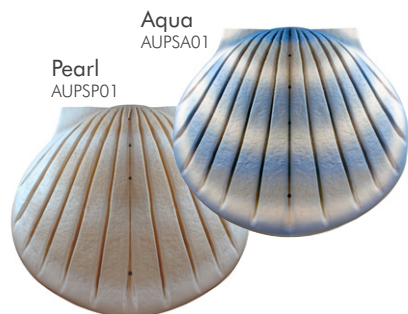

The world's first smart urn

Both the modUrn or Memento TECH come with a two year subscription. There is a small ongoing yearly subscription thereafter via an in App purchase. You also have archive options and the opportunity to download a presentation of the Life Story.
